

Quality Policy

CHRYSAOR

Chrysaor seeks to create significant value for all its internal and external Stakeholders by building a market-leading North European exploration and production company focused on bringing incremental and dormant hydrocarbon reserves to market quickly and safely and operating our producing assets in a way we can be proud of.

Chrysaor will:

- Demonstrate management commitment to quality in its projects and operations;
- Establish and review quality objectives and implement quality plans to meet these objectives
- Ensure an effective management organisation is in place and all personnel and contractors are aware of the Company's quality expectations; and
- Foster pride in its work and demonstrate its Core Values and Business Principles in its output.

Chrysaor is fully committed to continuously improving its corporate performance by the successful implementation of this policy and will ensure that the necessary resources are provided to support it.
